### **Item 1.03 Bankruptcy or Receivership.**

On April 2, 2018, EV Energy Partners, L.P. (“EVEP”), EV Energy GP, L.P., EV Management, LLC and certain of EVEP’s wholly owned subsidiaries (each a “Debtor” and, collectively, the “Debtors”), filed a prepackaged plan of reorganization (the “Plan”) under Chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”) in the U.S. Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”). The Debtors have filed a motion with the Bankruptcy Court seeking joint administration of their Chapter 11 cases under the caption In re EV Energy Partners, L.P., et al. (the “Chapter 11 Cases”). The Debtors will continue to operate their businesses as “debtors-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Bankruptcy Court. EVEP expects ordinary-course operations to continue substantially uninterrupted during and after the Chapter 11 Cases.

As previously disclosed, on March 13, 2018, the Debtors entered into a Restructuring Support Agreement (the “RSA”) with (i) holders of approximately 70% of the 8.0% Senior Notes due 2019 (the “Senior Notes”) issued pursuant to that certain Indenture, dated as of March 22, 2011 (as amended, restated, supplemented or otherwise modified from time to time, the “Indenture”), among EVEP, EV Energy Finance Corp., each of the guarantors party thereto, and Delaware Trust Company, as indenture trustee, that are signatories to the RSA; (ii) lenders under our reserve-based lending facility (the “RBL Facility”), by and among EVEP, EV Properties, L.P., JPMorgan Chase Bank, N.A., as administrative agent, BNP Paribas and Wells Fargo, National Association, as co-syndication agents, the guarantors party thereto, and the lenders signatory thereto, constituting approximately 94% of the principal amount outstanding thereunder; (iii) EnerVest, Ltd. (“EnerVest”) and (iv) EnerVest Operating, L.L.C. (“EnerVest Operating”). Capitalized terms used but not otherwise defined herein shall have the meaning given to such terms in the RSA. Neither of EnerVest nor EnerVest Operating is seeking Chapter 11 bankruptcy relief.

The RSA contemplates a restructuring (the “Restructuring”) of the Debtors pursuant to a joint pre-packaged plan of reorganization (the “Plan”) consistent in all material respects with the restructuring term sheet attached to the RSA. EVEP expects ordinary-course operations to continue substantially uninterrupted during and after the Chapter 11 Cases. The RSA provides for certain milestones requiring, among other things, that the Debtors complete the Restructuring on or before June 22, 2018.

#### *Proposed Pre-Packaged Chapter 11 Restructuring*

Pursuant to the RSA, the Debtors commenced the solicitation of votes on the Plan on March 14, 2018, by causing the Plan and a related disclosure statement to be distributed to certain creditors of the Debtors that are “accredited investors” (as defined in Regulation D of the Securities Act of 1933, as amended). As of the March 30, 2018 voting deadline, each class of claims entitled to vote had voted to accept the Plan. 100% of the lenders under the Company’s reserve-based lending facility voted to accept the plan, and noteholders holding more than 99% in amount of Senior Notes that voted on the Plan voted to accept the Plan.

The Plan, which remains subject to confirmation by the Bankruptcy Court and other closing conditions, provides that, among other things, on the effective date of the Plan (the “Effective Date”), subject to the occurrence and completion of certain structuring steps:

- the lenders under the RBL Facility that vote to accept the Plan will receive (a) pro rata loans under an amendment to the RBL Facility (the “Amended RBL Facility”), (b) cash in an amount equal to the accrued but unpaid interest payable to such lenders under the RBL Facility as of the Effective Date, and (c) unfunded commitments and letter of credit participation under the Amended RBL Facility equal to the unfunded commitments and letter of credit participation of such lender as of the Effective Date;
  - lenders under the RBL Facility that vote to reject the Plan, or fail to properly submit a ballot, will receive (a) term loans under a new term loan facility and (b) cash in an amount equal to the accrued and unpaid interest payable to such lender under the RBL Facility as of the Effective Date. However, because all prepetition RBL lenders voted to accept the Plan, no RBL lender will receive such treatment under the Plan;
-

- the holders of the Senior Notes will receive 95% of the new common stock (subject to dilution) in the new, reorganized company, on a pro rata basis;
- the holders of general unsecured claims, including customers, will be paid in full or will otherwise be unimpaired; and
- the holders of the existing common interests in EVEP will receive 5% of the new common stock (subject to dilution) and five-year warrants for 8% of the new common stock (subject to dilution) in the new, reorganized company, on a pro rata basis, with an exercise price set at an equity value at which the holders of the Senior Notes would receive a recovery equal to par plus accrued and unpaid interest as of the Petition Date in respect of the Senior Notes (after taking into account value dilution on account of the 3% of the new common stock to be allocated to the participants in the management incentive plan on the Effective Date pursuant to a management incentive plan).

Bankruptcy Court filings and other information related to the Chapter 11 Cases are available at a website administered by EVEP's claims agent, Prime Clerk LLC, at <https://cases.primeclerk.com/evcp>.

**Item 2.04      Triggering Events that Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.**

The filing of the Chapter 11 Cases described above in Item 1.03 constitutes an event of default that accelerated the Debtors' respective obligations under the following debt instruments (the "Debt Instruments"):

- the RBL Facility; and
- the Senior Notes issued pursuant to the Indenture.

The Debt Instruments provide that as a result of the Chapter 11 Cases the principal and interest due thereunder shall be immediately due and payable. Any efforts to enforce such payment obligations under the Debt Instruments are automatically stayed as a result of the Chapter 11 Cases, and the creditors' rights of enforcement in respect of the Debt Instruments are subject to the applicable provisions of the Bankruptcy Code.

**Item 7.01      Regulation FD Disclosure.**

In connection with the filing of the Chapter 11 Cases, EVEP issued a press release on April 2, 2018, a copy of which is attached as Exhibit 99.1 to this Form 8-K.

The information included in this Form 8-K under Item 7.01 and Exhibit 99.1 is being furnished and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to liabilities of that Section, unless the registrant specifically states that the information is to be considered "filed" under the Exchange Act or incorporates it by reference into a filing under the Exchange Act or the Securities Act of 1933, as amended.

**Item 8.01      Other Events.**

EVEP cautions that trading in EVEP's securities during the pendency of the Chapter 11 Cases is highly speculative and poses substantial risks. Trading prices for EVEP's securities may bear little or no relationship to the actual recovery, if any, by holders of EVEP's securities in the Chapter 11 Cases.

**EV Energy Partners Files for Chapter 11 to Implement Debt Restructuring and Files Its Form 10-K for 2017***Operations to Continue in the Ordinary Course*

HOUSTON, April 2, 2018 (GLOBE NEWSWIRE) -- On March 14, 2018, EV Energy Partners, L.P. (NASDAQ: EVEP) and its subsidiaries (collectively, "EVEP" or the "Company") announced that the Company entered into a restructuring support agreement ("RSA") with certain holders of approximately 70 percent of its 8.0% senior notes due 2019 (the "Senior Notes") and lenders holding approximately 94 percent of the principal amount outstanding under the Company's reserve-based lending facility on March 13, 2018. The RSA was also signed by EnerVest, Ltd. ("EnerVest") and EnerVest Operating, L.L.C. ("EnerVest Operating") as they will continue to provide services to the Company. In addition, the Company filed its Form 10-K for 2017 with the Securities and Exchange Commission.

The RSA contemplates a comprehensive restructuring of the Company's capital structure, to be implemented through a proposed pre-packaged plan of reorganization (the "Plan") that will significantly deleverage the Company's balance sheet. In order to implement the terms of the RSA, the Company today filed voluntary petitions for restructuring under Chapter 11 of the Bankruptcy Code ("Chapter 11") in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court"). Neither EnerVest nor EnerVest Operating is seeking Chapter 11 bankruptcy relief.

The Company commenced solicitation of the Plan on March 14, 2018. As of the March 30, 2018 voting deadline, each class of claims entitled to vote had voted to accept the Plan. 100 percent of the lenders under the Company's reserve-based lending facility voted to accept the plan, and noteholders holding more than 99 percent in amount of Senior Notes that voted on the Plan voted to accept the Plan. The Plan, which is subject to confirmation by the Bankruptcy Court, contemplates the equitization of all of the Company's Senior Notes and the entry into an amended reserve-based lending facility with the Company's existing lenders. Additionally, the Plan contemplates that suppliers, customers and other holders of general unsecured claims will be paid in full in the ordinary course of business and otherwise be unimpaired. The Company does not plan to reject any of its existing contracts as part of the restructuring.

The Company expects EnerVest Operating to continue as the primary operator for its oil and natural gas properties in the Barnett Shale, San Juan Basin, Appalachian Basin, Michigan, Central Texas, Permian Basin, Monroe Field and Karnes County, TX.

EVEP has filed various customary motions with the Bankruptcy Court in support of its financial restructuring. The Company intends to continue to pay employee wages and provide healthcare and other defined benefits without interruption in the ordinary course of business and to pay suppliers and vendors in full under normal terms provided on or after the Chapter 11 filing date.
